Pursuant to California Government Code Sections 6061, 65090, 65091, 65094, 65095 and 65905, on December 15, 2020, at or after 7:30 p.m., the Planning Commission will hold a special meeting for a public hearing to consider:

An Ordinance amending Newark Municipal Code Chapter 17.14 (Standards for Specific Uses) to comply with amendments to State Law regarding Accessory Dwelling Units. Specifically, the proposed Ordinance will amend Section 17.14.040 with various changes relating to placement, size, parking, impact fees and other development standards. All proposed changes are in conformance with the City's General Plan.

The purpose of the zoning text amendments are to amend various design standards related to Accessory Dwelling Units. Over the last few years, the State legislature has been very active changing the laws relating to Accessory Dwelling Units, specifically reducing impact fees, parking standards and various other design standards, which were perceived to inhibit the construction of accessory dwelling units. The proposed zoning amendments will update the City's Accessory Dwelling Units to conform with current State laws relating to Accessory Dwelling Units along with changes the City deems appropriate to clarify or address any inconsistencies.

Please refer any questions or comments regarding the subject item to the Planning Department, 37101 Newark Boulevard, Newark, CA, 94560, and by calling (510) 578-4330.

If you challenge a City action in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice or in written correspondence delivered to the Newark Planning Commission at, or prior to, the public hearing.
